Consultant Announcement

Mr Elijah Ablorsu
MD, FRCS, FEBS

Consultant in Transplant and General Surgery with an interest in Advanced Laparoscopic Surgery

Vale Healthcare is delighted to announce that Mr Elijah Ablorsu is available for private consultation at the Vale Hospital, for the following...

- Gallstone disease
- Complex hernia management
- Laparoscopic (key-hole) and open surgery for gallstones and bile duct stones
- Single incision laparoscopic (key-hole) surgery for gallstones and hernias
- Laparoscopic (key-hole) and conventional surgery for inguinal, abdominal wall and incisional hernias

Alongside transplantation, Mr Ablorsu has established excellent practice in advanced laparoscopic (key-hole) surgery. He also performs single incision laparoscopic surgery, which gives to the patient additional advantage with better cosmetic effect, less pain and faster recovery.

Mr Ablorsu is a Fellow of the Royal College of Surgeons of England and a Fellow of the European Board of Surgery. Elijah's NHS practice is based in University Hospital of Wales in Heath, Cardiff.
